**WE, THE PARTICIPANTS, DOCUMENTORS AND FACILITATORS**, having participated and assisted in the workshops contributing to the CBFM Strategic Plan for 2008-2017:

**CONFIRM** that our experiences, reflections, assessments and recommendations have been included in the workshop outputs; and

**ACKNOWLEDGE AND AFFIRM** that the process of dialogue used in the workshops was enabling and allowed us to recognize that this strategic planning has provided opportunities to experience respect, sharing, mentoring, coaching, leading, giving, learning, bonding, questioning, confidence building, analyzing and problem-solving.

**WE ARE CO-OWNERS** of this Strategic Plan and **AS CO-OWNERS, WE COMMIT OURSELVES** to the following:

- Contribute in addressing the challenges of CBFM;
- Be self-critical, reflective and accountable of our own roles and participation to the successes and failures of CBFM;
- Create enabling mechanisms for players and potential partners to realize the plan through:
  - Active representation and informed participation in processes such as meetings, conferences, workshops, seminars, planning, assessments and related activities
  - Communicating with honesty and freedom
  - Sharing various forms of resources
  - Responsible handling of tasks and commitments
